

AQUILA 1983

KATHLEEN M. DAVIS
ACADEMICS EDITOR

Getting to see old friends makes the first day of school worthwhile.

Kathy,
It's really been a great senior year. I enjoyed being on the Aquila staff with you. We all did a great job. I hope the best for you in college and all that you strive for. Have a great life.

Paying fees for gym suits, lockers, or parking permits is a necessity for the first of school.

STUDENT LIFE

Each day we live by a schedule, but we also meet new people and see new things. And this is what Student Life is about.

Our school day, jobs, places we go, and style — these are what make up our lives. These things make us special now and help us to prepare for a different tomorrow.

What we take part in today as a member of East Forsyth gives us this touch of difference — it gives us Student Life.

Walking outside between classes and meeting friends break the monotony of the day's schedule.

A wide variety of courses is offered to meet the needs of each person.

School Days

Cars and buses roll on the campus; the school day begins ... The day is carefree for some and hectic for others.

Classes begin at 8:30, but those who participate in clubs may have to arrive at school by 8:00 to attend meetings. Between fifty minute courses, there is a chance to meet with friends before moving on to the next class.

Lunch gives everyone a break of forty or forty-five minutes during fourth period. An option of leaving campus for lunch is offered if we can make it back to school before our next class begins.

The school day ends fifth period for most seniors and sixth period for most juniors. But extra-curricular activities keep people busy after classes are over. The day is long, but the many activities make it pass quickly.

McDonald's is not just a place to go for lunch during the week. Vera Hairston uses her free time to finish homework.

School Spirit

Gives Every Eagle a Chance to Shine

Each of us has a special pride in our school, and we want to show it! In as many ways as there are people, we let our spirit shine.

For the athletes, sports and support groups are open for participation. A wide variety of clubs and service organizations allows us to expand our interests while we are supporting our school. And there are special events that occur which keep 1982-83 a memorable year. Proclaiming our name, many students wear jackets, T-shirts and buttons, and have back window stickers that hail East Forsyth.

School spirit makes an average day at school change to an exciting day with friends.

When they're not performing during halftime, the Eaglettes cheer our team on from the stands.

Aiming for victory, football players warm up before the game

Promoting school spirit, cheerleaders keep the crowd motivated during games.

By cheering our Eagles on, the crowd motivates our team during the football season.

Jobs Bring

Money, Responsibility, and Freedom

Part-time jobs are common for many. Waitresses, office workers, cashiers, bag boys, and volunteers name a few of the school-aged workers.

The long hours can interrupt school work and free time for these students. But these are the people who are willing to forfeit free time and can handle the stress of both school and part-time work. The hours may be long, but the rewards of a job — responsibility and money — contribute to the independence of these students.

Wanda Moorefield spends an evening at home with her boyfriend.

Going Out — with One or Many?

It's fun to go out and to have a good time, but the question is whether to go out with a group of friends or to date one person. Edward Tobe likes being able to share things with one person, but he feels that getting too serious about a person isn't good for someone our age.

When asked about going out with friends, Kim Baron replies, "The best thing is that a group will always get attention. The least thing I like is that the attention is not directed to **you.**"

Going out with one special person or many different people — we must decide which one we're happier with.

Weekends are Spent with Friends and Fun

Eagles can be found many places on weekends. After a long, hard week of school work and studying, the weekends give time to relax and enjoy!

Going out with a group of friends or a special date makes good weekends even better.

Seeing people at fast food restaurants, going to ball games, shopping at malls, seeing movies, and going to parties are a few of the ways Eagles spend free time. These after-hour places and events add even more meaning to TGIF!

Trend-setting, preppy, dressy, western, casual, sports. These words are a part of the fashion language. Each cannot be categorized as just one of these types. There is an assortment of styles found here. Douglas Good says that dressing up makes him feel more academically aware in class. Traditional dresser Kirk Bryan says, "The best thing is most of my preppy clothes are natural fibers like cotton, wool, and silk. These fibers are great because they keep me warm in the winter and cool in the summer." Fashion affects the way people think of themselves, the way they act, and the way others think of them. SPECIAL EVENTS

The next eighteen pages consist of the extra-curricular activities that make us a family. Events such as homecoming, prom, and concerts unite us as one. These events allow the whole student body to become involved. They instill memories that will last a lifetime. This section is Special Events.

Homecoming Court

About three weeks prior to homecoming, the football team nominates girls to run for the Homecoming Court. Each junior football player nominates one junior girl and each senior player nominates one senior girl by secret ballot. The court is chosen by votes cast in English classes. The juniors vote for six junior girls and the seniors vote for seven senior girls. Then the football team votes by secret ballot during homecoming week. One queen and one maid of honor are chosen. These two girls are announced during the half-time presentation

A Dream Come True

For the girls chosen to be on homecoming court, it is a time of tension and excitement. Reigning as Homecoming Queen is a dream come true for Karen Wofford. Homecoming week whizzed by as Student Council members worked on the half-time ceremony. The homecoming court wondered who would be the next queen, while the cheerleaders, Eaglettes, and band members prayed for good weather. Their prayers were not answered. It rained all day, though Friday night was clear enough to play the game. Finally the time came for each girl to be escorted. The presentation of the court highlighted the game for many fans. Karen Wofford was chosen as 1982-1983 Homecoming Queen and Erin Gambrell was chosen as Maid-of-Honor of East Forsyth.

Sponsors and Escorts

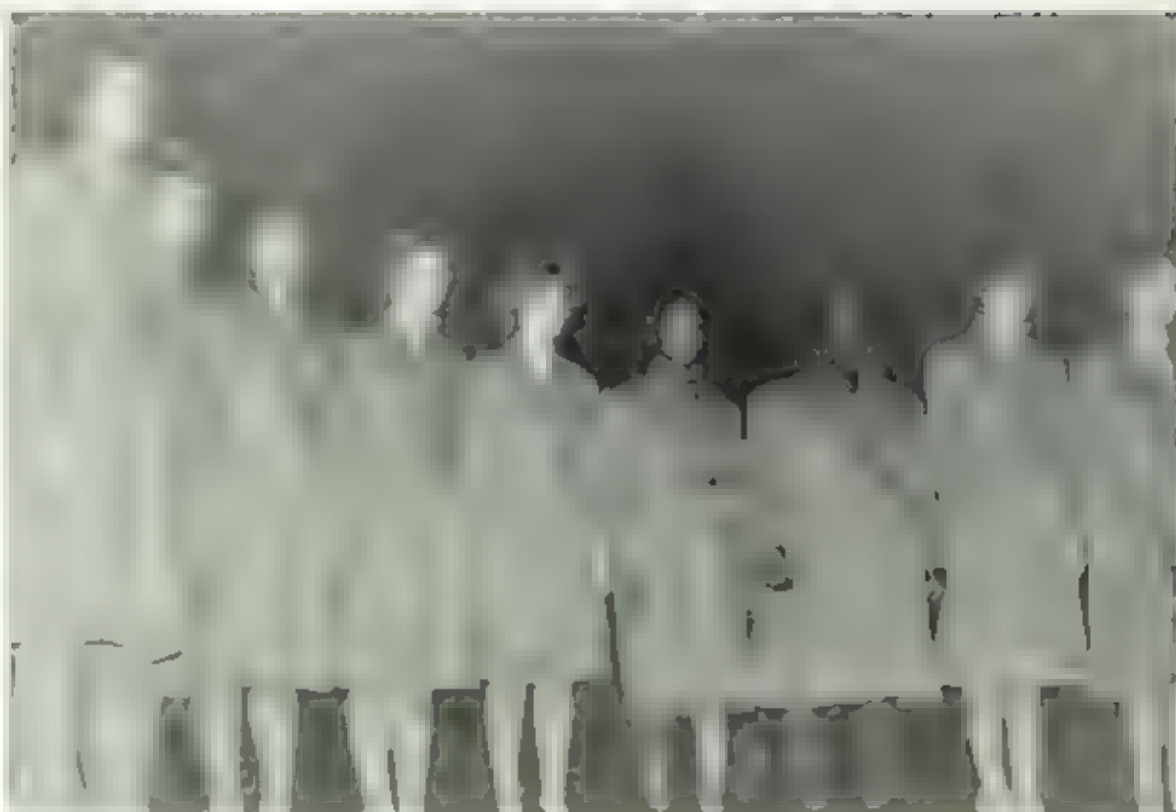

Senior football players are represented by sponsors and escorts in the Homecoming festivities. Each of these players chooses a girl to be his sponsor and in turn the sponsors choose an escort. The names of each player, sponsor and escort are announced during the half-time ceremony

The Spirit of Christmas

Every year the Christmas Concert gets better, and this year's was no exception. The Madrigals, Caprice, Honors Chorus, and Barbershoppers performed not only at East, but also at their feeder schools and on television. They sang such Christmas favorites as "Silent Night," "Up On the Housetop," "Rudolph the Red-Nosed Reindeer," "The Most Wonderful Time of the Year," and "The Hallelujah Chorus." These specially gifted students helped spread the spirit of Christmas with their songs.

East Clubs Share the Holiday Spirit With Needy Families

During the holiday season, five East Forsyth clubs shared the true meaning of Christmas while helping with needy families and Crisis Control. The Anchor Club, National Honor Society, and Key Club collected over 1,500 cans for Crisis Control. The Junior Jaycettes and Student Council adopted families and gave them desperately needed items such as food, clothing, and toys. Participation in this type of project defines the true meaning of Christmas.

Eagles Soar To the Top

This year the Eagle football squad celebrated its finest season in ten years with a 10-1 record. But the team's top ranking was not unexpected. As Reggie White said, "It was something that we had expected and once we were there we felt we were supposed to be there . . . like we had arrived." With many long hours of running, weight lifting and hard work, the very talented athletes spent most of the season at the number 1 ranking. It was not only the athletic ability but also the closeness of the players that made this team so special. Mike Jones and Perrin Black said, "It was the spirit and closeness of the team. Everyone on the team became a friend of everyone else. It was a team effort."

Steps Toward a Higher Education

Various books and pamphlets are designed to aid students in choosing a college

Preparations for college begin in the eleventh grade when juniors take the PSAT. This test prepares the student for the SAT, which is taken later in the junior year or early in the senior year. In the fall, seniors send their applications and SAT scores to the colleges they wish to attend. In early January the Financial Aid Form (FAF) is filled out and sent to the College Board. The Board determines the amount of aid each student needs based on the information provided in the FAF and compiles this in the Needs Analysis Form, a copy of which is also sent to the colleges the student wishes to attend. The individual colleges determine from the Needs Analysis Form how much aid they will provide for the student and what form it will take. Financial Aid can be in the form of a grant, a loan, or a scholarship. Scholarships are also given by many private groups and are based almost entirely on academic merit.

Candy Sales Are Sweeter Than Ever

One of the main fund raising events of East Forsyth Senior High is the World's Finest Chocolate candy sale. This fund raising event is always very successful. The money from this event is used to pay for things that the senior high needs and the state does not appropriate money for. One of the main things the money pays for is the prom. East Forsyth is the only school that offers a Junior/Senior prom to its students free of charge. The money also pays for miscellaneous things such as the Awards Day program, after school transportation, physicals for sports, jumper cables, and a door opener.

Class Rings Are Tomorrow's Memories

One of the most anticipated events of the junior year is receiving the class rings. After they are ordered in the fall, the juniors have five long months before the rings arrive. After graduation, the ring symbolizes the spirit of East Forsyth and brings back the wonderful memories of high school.

Last year's blood drive was a successful event. Each year the blood drive is sponsored by the Forsyth County Chapter of Red Cross. The Red Cross Club, formerly the Health Club, organizes it. During the blood drive, the students have a chance to help those in need of blood and give the gift of life. Although it was a success, more blood donors are always needed.

A Soccer Success

The striker for the East Forsyth soccer team, Brian Nelson, broke the state scoring record this season with forty-one goals. Brian was voted the most valuable player and offensive player of the year. When asked why he enjoys playing soccer, Brian replies, "It increases your mental and physical capacities and prepares you for life."

Brian has been playing soccer for four years and started under the supervision of Coach Buckner. He says he gained a lot of knowledge at a Wake Forest summer soccer camp. Brian also plays indoor soccer in the winter.

The Sound Of Music

Ever since she was four years old, Heather Daniel has played the piano. She was inspired by her parents who bought her a piano and found that she was musically talented.

Here at East, Heather has proved that she is an exceptional musician. She plays the piano for Caprice and the Drama Club, and she is presently taking lessons at Salem College.

Since Heather started her piano career when she was four years old, she has had lessons from five teachers and has gained enough talent to be able to play publicly. Heather plays at weddings, funerals, and has performed for the Kernersville Theatre and the Childrens' Theatre.

Heather practices for an upcoming recital.

Heather has won many honors in her music career. She won the "Talent Award" in the Junior Miss pageant, which consists of a scholarship. Heather received the award of "Outstanding Junior" in Caprice. Heather plans to continue her music education at UNC-CH.

Like Father, Like Daughter

The Father-Daughter Junior Golf Tournament begins, and Kim Hoyle and her father are ready with their golf clubs and golf balls in hand. This tournament was held in the summer of 1982. Kim started playing golf at the age of 15. She began first by walking 18 holes with her father and older brother. Then she became interested in the game itself. "My father and brother inspired me to play; then I began to see golf as a relaxing sport as well as a challenging one." From her father, she learns the terminology, rules, and the techniques of the game.

Someday, Kim wants to play as well as her father does. She says, "I would need some more practice and many more golf lessons if I wanted to pursue a golf career." In 1980, Kim won the Pine Knolls Junior Golf Tournament for girls. Kim has decided that "for right now I am going to keep golf as a relaxing hobby."

Forever a Cheerleader

The award winning cheerleader, Arneathia Mason, cheers for the football team

"Go Eagles!" yells Arneathia Mason at our sports events. Arneathia is one of 12 of our cheerleaders who attended North Carolina State Cheerleading Camp.

Arneathia first became interested in cheerleading when she was 6 years old. "My mother talked me into cheering for a booster club." Later she cheered at Philo Jr. High, Carver High, and now at East. When she went to North Carolina State Cheerleading Camp in Raleigh, she was ranked most outstanding cheerleader in seven states. Arneathia says, "To obtain such an honor I had to put forth my best effort in cheering and also in spirit."

The East cheerleaders practice on Mondays and Thursdays. "I also practice a lot at home." Arneathia plans to continue cheerleading.

... From Cleats to Slippers

Roscoe Sales was a Senior at East until he was accepted to the North Carolina School of the Arts. He was also a fullback for the Fighting Eagles.

Although Roscoe has been playing football for seven years, he does not want to make this his lifetime career. He wishes to become a professional ballet dancer.

Roscoe says, "I believe that I

have the time and the talent to make myself the best," and that is what he is attempting to accomplish

Everyone knew Roscoe as a football player for the Eagles. He spent most of his time practicing for the upcoming ball games. However, he was not able to finish the season with the team because of his advancement in ballet.

When I Must Leave You

When I must leave you
for a little while,
Please do not grieve
and shed wild tears
And hug your sorrow
to you through the years,
But start out bravely
with a gallant smile;
And for my sake
and in my name
Live on and do
all things the same,
Feed not your loneliness
on empty days,
But fill each waking hour
in useful ways,
Reach out your hand
in comfort and cheer
And I in turn will comfort you
and hold you near;
And never, never
be afraid to die,
For I am waiting
for you in the sky!

Service Superlatives are selected for their service to the school. After each teacher has nominated two people for the award, a list is compiled from these nominations. The teachers then vote for the final twelve. A Service Superlative cooperates with the faculty and helps them in any way possible. Nearly everyone in the school does something along this line at one time or another, but the twelve who are chosen as Superlatives have really worked hard to make East a great place to learn and to be.

Senior Superlatives must work very hard to achieve this high academic recognition. An academic superlative is not chosen. 12 people receive this honor because of their class rank. This year a person had to be in the top 1.8% of the class to be chosen as an academic superlative. The class rank of 12 or higher must be achieved by the end of the 1st semester in the student's senior year.

Dawn Marie Martineau is Miss Honey Bee Queen for Kernersville

Buzzzz!

Dawn Marie Martineau is Miss Honey Bee Queen for Kernersville. She and four other girls competed for the title. Dawn Marie had to write an essay about bees and honey. After that, she was elected by the Forsyth Bee Association to be their queen for one year.

"Being the Honey Bee Queen has really kept me busy. I was interviewed by Dave Plyler on the Piedmont Show and I attended the North Carolina State Fair where I presented Lois Mandrell with honey," says Dawn Marie. Dawn also attended the Spencer/Salisbury Parade with Miss North Carolina-U.S.A. and she was given a professional float to ride on. To sum it all up, Dawn, Honey Bee Queen, says, "Have a Honey of a day!"

Tony Hubbard, a member of the Red Cross Club, demonstrates how to get a blood pressure reading on volunteer student Kevin Anderson

Be a Volunteer

Tony Hubbard, a junior here at East, has devoted his free time to helping others. He's a volunteer fireman at City View Fire Department, CVFD. He's not only a fireman, but he also works with the Red Cross, Rescue Squad and at certain times rides with the Ambulance Service.

Tony has undergone hours

of extensive training and continues his training monthly. He has been associated with CVFD for many years, but he became a member at age 16.

When asked about his special fulfillments that he receives, he replied, "I'm glad that I've had the training to know that I can help people in a special way."

A Trumpeteer

An outstanding trumpet player, Stan Tuttle, is a Junior here at East. Stan is a member of the band and he has been playing the trumpet for 5 years.

Stan started playing the trumpet in the sixth grade at Skyland Intermediate. He has played in school bands since that time. Stan has also played in the Reynolds Community band and now Stan plays for his church every Sunday.

"I plan to play in the band at Emmanuel Bible College," says Stan when asked if he wants to continue his education in the field of music. Stan also states, "I don't think I will go as far as to make a career out of trumpet playing, but I do plan to keep it as a hobby."

Stan has played the trumpet in a few competitions. In 1980 he entered in the Teen Talent Show for his church. After competing four

On Top of It All

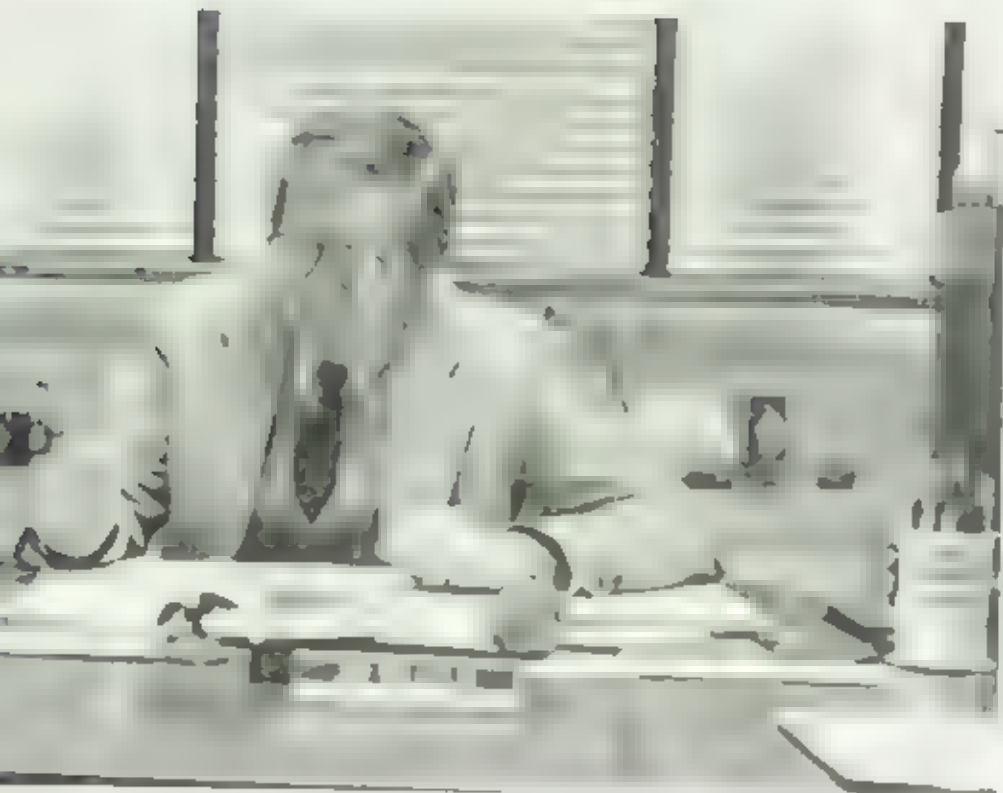

"Sometimes at each and every door opportunity will knock, but it has never been known to pick a lock." Quotes Mr. Wilhelm.

East Forsyth is very fortunate to have a principal like Mr. James K. Wilhelm. Mr. Wilhelm obtained a Bachelor of Science degree from Appalachian State University and a Master of Arts degree from the University of North Carolina at Chapel Hill. Mr. Wilhelm has been at East for the past six years.

Mr. Wilhelm is the type of principal students can turn to when they have problems. He likes to express his friendliness to everyone. "I think East is the best," comments James Wilhelm. Students at East enjoy Mr. Wilhelm. Traci Pulliam thinks that "Mr. Wilhelm does an excellent job." Other students think the same thing.

The faculty also enjoys Mr. Wilhelm. "Mr. Wilhelm is doing his job well with the students and that makes East a lot better," says Mrs. E. Ross, science teacher. Mr. Wilhelm knows how to keep school spirit alive at East. He is a great supporter of the Eagles.

Wilhelm prepares for a faculty meeting

Mr. Wilhelm enjoys a rest with Eagle

Mrs. Morgan works with all juniors and really enjoys it

Serving Our School . . .

Mrs. Kay Morgan is one of our Assistant principals here at East Forsyth. If junior students have any trouble with classes or anything else, Mrs. Morgan helps them solve these problems. She also helps the faculty.

Mrs. Morgan went to Wake Forest University where she obtained a Masters Degree in Education and a Bachelor of Arts Degree in English. She is a native of North Carolina and she has been at East for five years. Hobbies Mrs. Morgan enjoys are reading, needlework, and home decorating.

Mr. Henderson assists the seniors in their activities

Assistant principals, Kay Morgan and Ben Henderson enjoy working with students

Mr. Benjamin Henderson is also an Assistant principal at East Forsyth. He helps the senior students with any problems they may have. This is his sixth year here at East Forsyth.

Mr. Henderson enjoys working on the landscape of his yard after his workday at East.

Before coming to East, Mr. Henderson went to Winston-Salem State University, where he obtained a Bachelor of Science degree. Afterwards, he went to A and T State University where he continued his education to gain his Master of Science degree.

A Dream Come True

Have you ever wanted to live in a log cabin? Well if you have, then you have something in common with Mrs. J. Graves. Mrs. Graves and her husband are building a log cabin which they hope to have for them when they retire.

A lifelong dream is finally coming true for Mrs. Graves. "All of my life I've wanted to live in a log cabin and now I'm finally getting my dreams fulfilled," responds Mrs. Graves. She inherited 43 acres of her father's estate in the Nancy Reynolds area of Stokes County and there she decided would be the site of her cabin. "Some of the logs which are being used to build the new cabin are being taken from a log cabin which belonged to my grandmother." Mrs. Graves says that the cabin was started in May and a projected finishing date has not been set.

Around East, Mrs. Graves enjoys teaching business education. Her favorite courses to teach are Shorthand and Accounting. Mrs. Graves is the co-sponsor of the College Club and has sponsored the **Aquila** staff in years past.

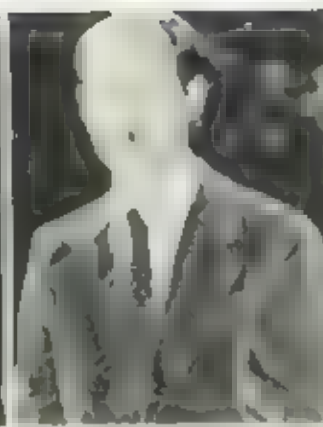

Another interesting hobby of Mrs. Graves is making folk arts and crafts and selling them. She also collects antiques

Mr. Lancaster teaches gym as well as science to students here at East

The Rugged Sport

Do you get really excited when you hear the roar of a motorcycle engine? Well Royal P. Lancaster surely does. Who would ever think that our easy-going gym teacher had a hobby like motorcycle racing? "I really enjoy wrestling a motorcycle," exclaims Mr. Lancaster when asked why he pursues this certain hobby.

Mr. Lancaster is the proud owner of a Yamaha I.T. 465 open class Enduro Bike. R.P.

has been racing for ten years and has a good grip on the sport. Motorcycle racing is a tough sport and demands a lot out of a person mentally and physically.

R.P. Lancaster has been around the East campus for four years now. Everywhere he goes, all like him and talk very highly about him. While not only a good gym teacher, Mr. Lancaster is also a good science teacher.

"I Think, Therefore I Am"

History is a subject that requires an intelligent and philosophical person to teach. Mr. Ron Jessup is a person who exemplifies these certain qualities. After graduating from high school under the influencing direction of Joseph Bradshaw, Ron Jessup pursued a higher education at Winston-Salem State University. There, Mr. Jessup majored in history under another very influencing professor, Dr. Patterson.

When Mr. Jessup is not teaching history, he can be found coaching

the baseball team or the girls basketball team. Ron plays semi-pro baseball himself in the summer and this gives him an interest in coaching here. Mr. Jessup also sponsors the Afro-American Society. Whenever Ron wants to find a little time to get away from it all, he likes to take up a fishing pole and head to a nearby lake. When asked to shed some philosophical advice on East students Ron replies, "Develop to your fullest potential, be creative in your work and ideas, and think for yourself."

Students know Mr. Jessup for his philosophical advice that he often gives.

While most of the people that attend East are sleeping or are on vacation during the summer, Steven McCloud, East's metalworking teacher, is up each morning laying bricks. Mr. McCloud has been a brick layer since 1964.

Mr. McCloud also enjoys swimming. He swims for fun and for exercise. He learned to swim when he was ten years old and is the only member of his family that knows how to swim.

Mr. McCloud has been teaching at East for the past twelve years. Before coming to East, he taught at West Montgomery High School in Troy, North Carolina.

Mr. Hayes graduated from Reynolds High School and majored in psychology at Wake Forest University. He has been at East for two years and thinks that East Forsyth is the best senior high in Forsyth County.

The hobbies of Mr. Hayes are numerous. He enjoys fishing, water skiing, snow skiing, collecting stamps, reading, and sailing. He spends time at his house on a lake each summer.

Mr. Hayes is the proud father of a new baby girl, Jordan Leigh, who was born September 12, 1982.

Mrs. Dillard enjoys teaching English here at East

Teachers Abroad

Mrs. Dillard, an English teacher here at East, spent her summer in England. She left July 15 and came back August 17, spending 25 days in tours of Southern England, London, York, Cambridge and points in between.

While in England, she found out that people were very intolerant of tourists. Recently she replied, "Small out-of-the-way towns really cater to tourists and

you get a "real" sense of the people and their culture at these places.

Mrs. Dillard, after returning from her trip, decided to write an article for publication about her experiences. She said her article is basically a type of tour guide aimed at the women traveling to Paris. She also said it was filled with advice on how to see Paris economically.

Our guidance counselor, Mrs. Fitzpatrick, ventured out on her own with Mrs. Ross to tour Europe. She was gone 21 days and went to Portugal, Spain, France, Austria, Germany and Belgium. She knew none of the languages when she left for her tour and found this very frustrating. She decided to buy an Eurail Pass, so that she could ride the train anyplace and anytime she wanted to go. She met all types of people on these trains "I was most impressed with the young people I met on these trains. They helped me the most with the language," commented Mrs. Fitzpatrick. Mrs. Fitzpatrick loved the food in these countries and learned to appreciate different cultures and lifestyles. Her tour made her appreciate America more but it also let her recognize that people are the same — the places are just different.

Mrs. Fitzpatrick is always willing to lend a helping hand in times of need

When not collecting antiques, Mrs. Swaygnim is a secretary here at East

What do you Collect?

"My mother was an avid antique collector and my husband refinished furniture as a hobby." This is how Mrs. Jane Swaygnim says she got started collecting antiques. Mrs. Swaygnim has been collecting antiques for 20 years and she has compiled quite a collection. She says that she would have to have a free day if she ever wanted to count the antiques she has.

Mrs. Swaygnim has collected a lot of antiques from many different periods in history. She says that most are from the late 1700's to the Victorian Era. "With no more room for furniture, I have started collecting glassware — both pressed and cut and antique jewelry."

When asked why she loves collecting antiques so much Mrs. Swaygnim replies, "If a person is able to find and refinish good, old pieces as my husband and I have, then one can have a much more interesting home. The involvement in finding and caring for this type of furnishings can be very rewarding. You find that you really care for that antique chair because it means something other than just a place to sit."

Do Dolls Interest You?

Collecting dolls is a hobby of Mrs. Geri Musten. She started collecting dolls when her girls went to college. She now has a collection of over 100 dolls.

Mrs. Musten and her husband bought dolls for their daughters when the girls were small. At Christmas and other special occasions, Mrs. Musten and her husband gave dolls as their gifts. Mrs. Musten says, "Several years after we no longer bought dolls for our daughters, we missed buying dolls every year and friends started giving me dolls for presents. My children and my husband bought some for me too." Mrs. Musten's husband had a beautiful doll cabinet made for her a few years ago and she filled it full of dolls. My dining room is full of dolls instead of china. I can admire them, and so can my friends," says Geri.

Mrs. Musten dolls include: Madame Alexander Dolls, Effanby Dolls, Foreign Dolls, Rebecca of Sunny Brooke Farm, Four Seasons, Little Norman Dolls, Cinderella, Old Salem, Blue Bonnet Dolls, "Street Dolls," Raggedy Ann and Andy, and many more.

Geri loves her dolls and says, "My children are always pretty, never talk back, and are perfect ladies."

Mrs. Musten is the guidance secretary

Secretarial Pool

At 7:45 each day the secretaries here at East arrive for work. There are five secretaries and each does an individual job. Mrs. G. Musten is the secretary for the guidance department and helps all of the guidance counselors prepare students for their post-graduation plans. Mrs. Badgett is the attendance secretary and keeps the attendance records for each student at East. Mrs. M. Holder is the school's registrar. She keeps the schedules straight and makes sure no classes are over loaded. Mrs. P. Holder is the school accountant. Mrs. Swayngim is the administrative secretary. Each one does her job skillfully.

Memories

A hearty lunch can always be found in the cafeteria.

Lunch Is Served

This year the students and faculty here at East are able to enjoy many more specialties from the cafeteria. One item that everyone seems to enjoy is the A la Carte line. This is the line where fast foods are served. Ruth Cates, a Cafeteria Staff member, says, "The A la Carte food line has done wonders for the cafeteria business. It has increased a lot."

Two other things that the students and faculty have had the privilege to enjoy are the fountain drinks and milk shakes. Many students enjoy these extras. "The milk shakes taste just like ice cream," responds Andrea Breazeale. This year, the cafeteria staff has improved the selection and the quality of the food in hopes that more students will remain on campus to eat.

The Academics Section honors students who work extra hard to attain excellence in scholarship, character, and leadership. It includes those who receive such honors as the D.A. Reid and Dare You Award, membership in honor societies, scholarships, and invitations to take Advanced Placement courses. This section serves to remind us all of the main reason we come to East: academics.

A C A D E M I C S

Cream of the Crop

One of the most prestigious academic honors is being selected as a Junior Marshal. Junior Marshals are the top five percentile of their class. On the day of graduation last year, the 1982 seniors were all very excited and nervous, but so were the Junior Marshals. They want graduation day to run as smoothly as possible. It is a feeling of importance to be included in such a memorable day for so many.

To be chosen as a Junior Marshal is very exhilarating as well as rewarding.

Individuality Encouraged

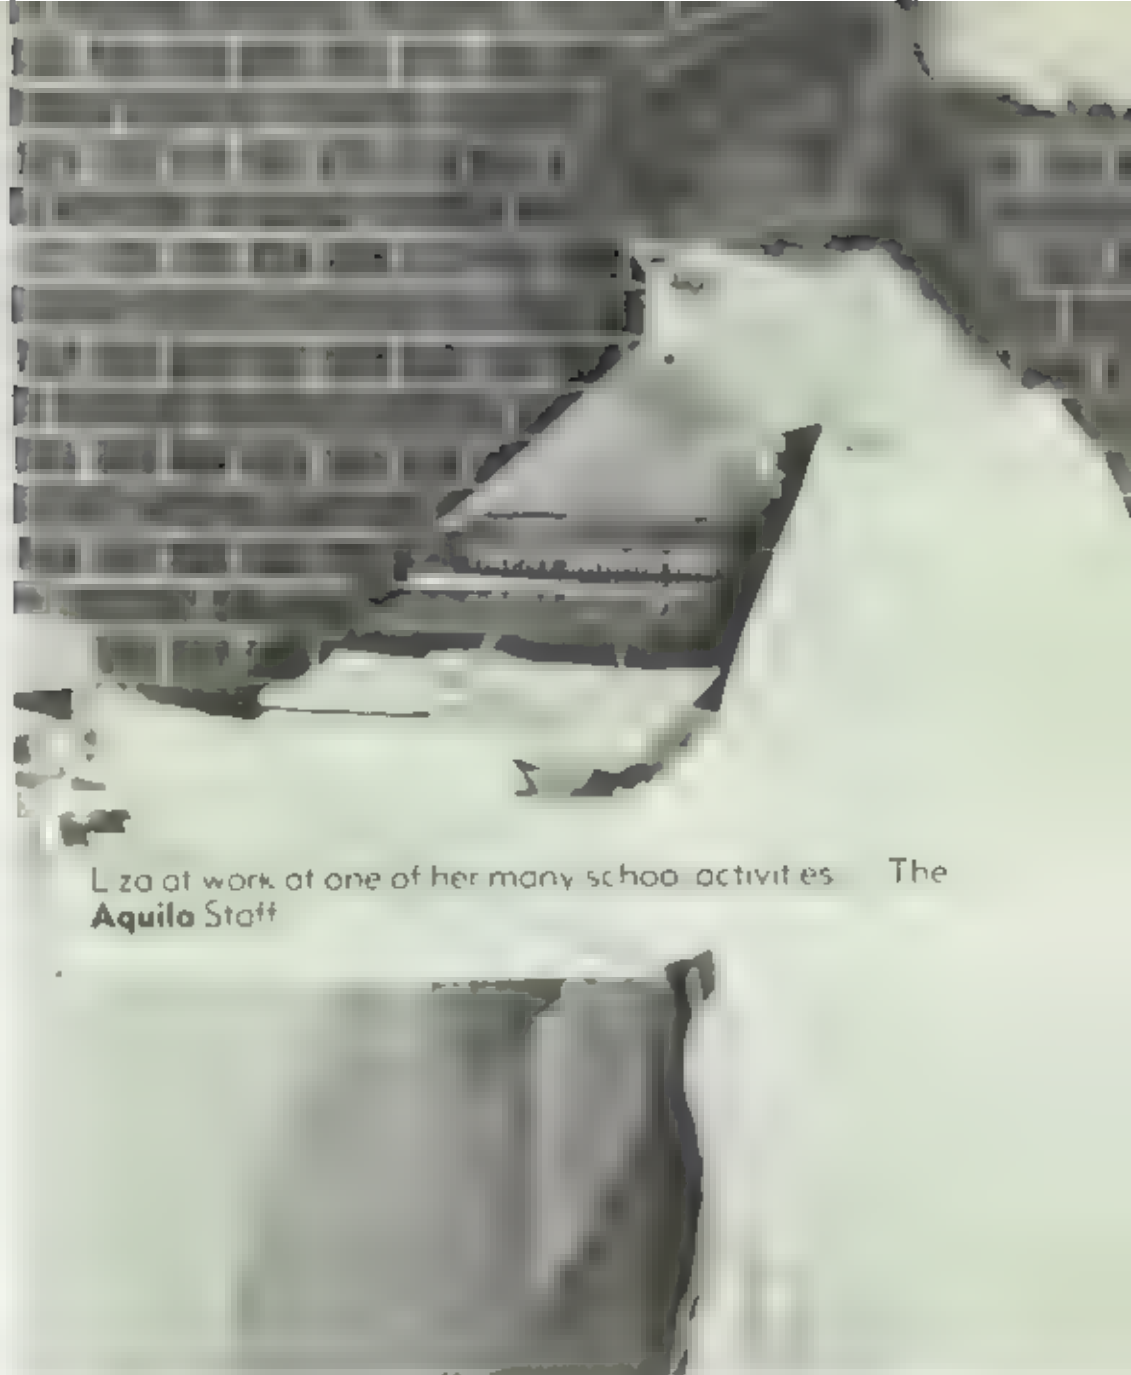

The American Youth Foundation, founded by William H. Danforth, sponsors the I Dare You Award. This award presents the challenge to aspire nobly, adventure daringly, and serve humbly in today's youth. The faculty felt that Wayman McLaughlin and Liza Motsinger are most deserving of this award. In the spring of 1982, Wayman and Liza were presented with the award along with a copy of the book, **I Dare You**, written by Danforth. They were also eligible for a scholarship to a leadership camp in Michigan.

Good Citizenship is Rewarded

On Awards Day, May 21, 1982, Perrin Black was presented with the Daughters of American Revolution Award by the Old North State Chapter. Liza Motsinger was awarded Daughters of American Revolution Award by the Joseph Winston Chapter on October 15, 1982 at the Single Brothers House in Old Salem.

Consideration for the "good citizenship" award is based on the following qualities: dependability, service, leadership, and patriotism. Above all, the nominee must be able to pass a citizenship test concerning constitution and government operation.

Paul Heist, Robert Williams and Beatrice Dombrowski, the Morehead Nominees

Paul Heist is an avid runner. He is a member of the cross country and tennis teams. Paul takes several AP courses and is involved in the National Honor Society. He is also a Junior Marshal.

Robert Williams, a member of the marching band, is also involved in the National Honor Society. He takes AP courses and is the co-chief of the Junior Marshals.

Hard Work Pays Off

To receive the Morehead Scholarship is a dream come true. Three East students, Paul Heist, Robert Williams and Beatrice Dombrowski had a chance of fulfilling this dream.

A Morehead Scholarship is a full scholarship to UNC-Chapel Hill and is awarded on basis of academic and physical involvement. To be nominated, each of the three students is interviewed by a faculty panel. Alumni of UNC-Chapel Hill then give each student an interview consisting of personal questions and current issues. If the students do well on this second interview, they are given a third one.

The nominees' overall performance determines if they receive the Morehead Scholarship. Many local students compete for nine county allotments. We are proud to have these three students to represent East.

One of Beatrice's favorite pastimes is cycling. She is a member of the Photography Club, Literary Club and National Honor Society. She also plays soccer for East.

Summer Academic Activities

Five East Forsyth students attended Boys' State at Wake Forest University for a week during the summer to learn about the North Carolina political system. On the basis of leadership ability, they were nominated by a faculty member. During the week these young men learned about government on all levels. They heard speeches by some of North Carolina's political leaders, including Governor Jim Hunt. Perhaps the most valuable thing learned at Boys' State was how to work with strangers and eventually become friends with them.

In the summer of 1982, Governor's School was held at Saint Andrew's Presbyterian College. Kim Townsend, a junior at East, was chosen to go to Governor's School to study in the field of mathematics.

While she was at Governor's School, Kim's studies were concentrated in four areas: mathematics, philosophy, self and society, and social life. Along with her major mathematics studies, Kim also learned about computer programming. Being selected to go to Governor's School is a great honor. Kim says, "It was an experience I will never forget."

NHS members sing the alma mater during the spring induction

To be included as a National Honor Society member is indeed a special honor for many students. Each new member inducted into the NHS is selected by a faculty panel that judges the students in four categories: character, service, scholarship, and leadership.

NHS is a recognition of the hard work these students have accomplished in school. Each student must strive to the best of his ability to achieve such a special honor.

The National Honor Society members work hard around the school by operating the concession stands during both football and basketball games and serving as guides for the P.T.A. meeting. The NHS members also sell doughnuts to raise money to provide a scholarship for one NHS member. During the Thanksgiving holidays the NHS works with Crisis Control and collects canned foods for needy families.

Being in the National Honor Society makes the members come to realize how important school really is. Each member is a strong example to the students at East Forsyth.

Honor Given to Superior Students

As always, there are those who strive for excellence, who want to rise above the average crowd and take their place in a group reserved only for the superior. For them, those extra hours spent studying and learning are all worthwhile when they become inducted in the French Honor Society. Only a select few become French Honor Society members, and the requirements for such membership are rigid. One has to maintain an "A" average in French for a minimum of five quarters and of course show superior intellect in the classroom. These students deserve to be honored for the hard work they have put in their studies.

Rising Above The Rest

Students who maintain an "A" average in Spanish are eligible for induction into the Spanish Honor Society. They are selected by faculty members on the basis of their academic achievement in a second, third, or fourth level Spanish Class.

Each year the inductions are held entirely in Spanish. During the candlelight ceremony, each student receives a certificate, and all the names are sent to the National Spanish Honor Society to be recorded.

Journalism Students Awarded for Diligence

Quill and Scroll Society was founded at the University of Iowa, April 10, 1926, as a non-secret honorary high school society. It was organized to reward ability and achievement in writing and other phases of journalistic work in high school. The purpose of Quill and Scroll is to instill in students the ideal of scholarship, to advance the standards of the profession of journalism by developing better journalists and by inculcating a higher code of ethics, to promote exact and dispassionate thinking, clear and forceful writing. A motto which is instilled in each of these honorary members is, "Ye shall know the truth and the truth shall make you free."

The Organizations Section consists of the clubs at East Forsyth. Each of the fifty organizations meet regularly throughout the year. There is a club to occupy everyone's interest from sports playing to office occupations. Each student is given an opportunity to participate whether it be to gain new knowledge or to be involved in having fun. Being a member of an organization not only means knowledge but friendship also. Meeting new people and making friends are factors inspiring school memories. Friendships will last forever. These are the pages that make real "friends."

ORGANIZATIONS

Eagles Out in Front

It takes a lot of time and effort to be an officer of Student Government. Perrin Black, Paul Brackett, Mildred Maree and Valerie Thornton met various times in the summer to prepare themselves for the upcoming school year. They are strongly involved with the student body. They strive to make East #1.

Paul Brackett feels very much at home here at East. He is the school's vice-president. Paul attended many conferences to prepare for Student Council. He believes that being vice-president is giving him leadership training that will last forever.

The mere mention of the name Perrin Black turns heads everywhere. Perrin is president of East Forsyth. To be the leader of Student Council, a person must exemplify qualities of leadership and involvement. Perrin possesses those qualities. Perrin feels "More enjoyment is gained by those who become active in their school rather than just waiting idly for graduation." Congratulations on a job well done.

"I wanted to be the treasurer because I enjoy working with the Student Council." Valerie Thornton is treasurer of East Forsyth.

Mildred Maree says that she is proud to be the secretary of the Student Council because "I wanted to serve the school in the best way that I could."

They Put it All Together

This page isn't for any club. It is for the people who sponsor the different clubs. The purpose is to show what all sponsors do to keep their respective clubs going. The ones following are just three out of the forty-nine different club sponsors at East.

As the sponsor of the Key Club, Mr. Idol supports and advises the members of the club on club activities and functions. He also makes sure that the club adheres to the by-laws of Key Club International. Mr. Idol stated that "it is a truly rewarding experience to be the advisor of such an honorable organization as the Key Club."

Mrs. Geer's duties as the sponsor of the vocal groups at East consist of advising the students on all choral activities from ball games to choral contests. Mrs. Geer feels that the choral program at East is a very good public relations campaign for our community.

Vocational Ideas

One hundred and twenty S x East students attend the Career Center. Some of them go in the morning, from 8:30 to 11:00, and some go in the afternoon, from 12:00 to 2:30. The people who go to the Career Center have a wide variety of courses to select from, such as data processing, cosmetology, and architectural drafting.

Most of the people who attend the Career Center plan to use these skills after they graduate from school, so they take these courses seriously. After they complete the year, the students are awarded certificates of proficiency.

Shining Stars

Music is a full time job for the Madrigals, a select group of twenty young men and women, and it is a job they thoroughly enjoy. They work hard practicing for their many concerts. The Madrigals tour throughout the year, singing for churches, schools, and community organizations. The group performs mostly a capella music of classical nature as well as various secular melodies. Through their dedicated efforts, the Madrigals continue to uphold their fine reputation of musical excellence.

An Ocean of Songs

The Caprice, a select group of twenty-two young ladies, has their own special way of reaching out and expressing themselves through music. This year they performed for the North Carolina Music Educators Conference on Nov. 7. Throughout the year, they entertain us with touching love songs as well as light, carefree, nonsensical tunes in concerts at Christmas and in the spring. Caprice always gives their best in all musical endeavors.

Voices Blend in Harmony

This year the Madrigals and Caprice had a very promising group of young men and women. They worked very hard to be prepared for their Christmas concerts. During December they traveled to eight different schools to perform their songs of Christmas cheer. The Caprice is composed only of women here at East. They sang songs of Christmas cheer which included: "Ding Dong Merrily on High," "Rudolph," "Fruitcake," and "Time to be Jolly." They also performed at Hanes Mall. The Madrigals group consists of both men and women. They traveled with Caprice and sang: "Night Before Christmas," "Christmas Morn," and "Sing a Joyful Song of Christmas." They also performed at Hanes Mall with Caprice. At each school they combined their talents to sing the "Hallelujah Chorus." We are very proud of our singing groups at East. The words and melodies make music all worthwhile.

First Aid For Injuries

Bettering our school means getting involved. The Red Cross Club gets involved with a fun drive, "adopted" grandparents at Pell Care nursing center, and lots of energy from its members. Students at East were given a chance to have a free blood-pressure check at school sponsored by this club. In the spring the Club held a bloodmobile. They made a scrapbook of momentos and data to send overseas to other Red Cross organizations. This club definitely helps to better our school.

Well . . . What Happened to You?

Throughout the school year, many students at East acquire various broken bones, sprained muscles, and torn ligaments in their everyday encounters. Erik Dixon managed to tear a few ligaments while playing volleyball. Robert Slaydon tore ligaments during a football game. Vickie Nevels fell at home and fractured her ankle. Mark Graves broke his leg twice while playing soccer. David Bull broke his arm during a fire drill, and Jill Carter was thrown from the mechanical bull at the fair and broke her arm. As you can tell, accidents can happen to anyone, anytime, and anywhere.

Gaming is Serious Play

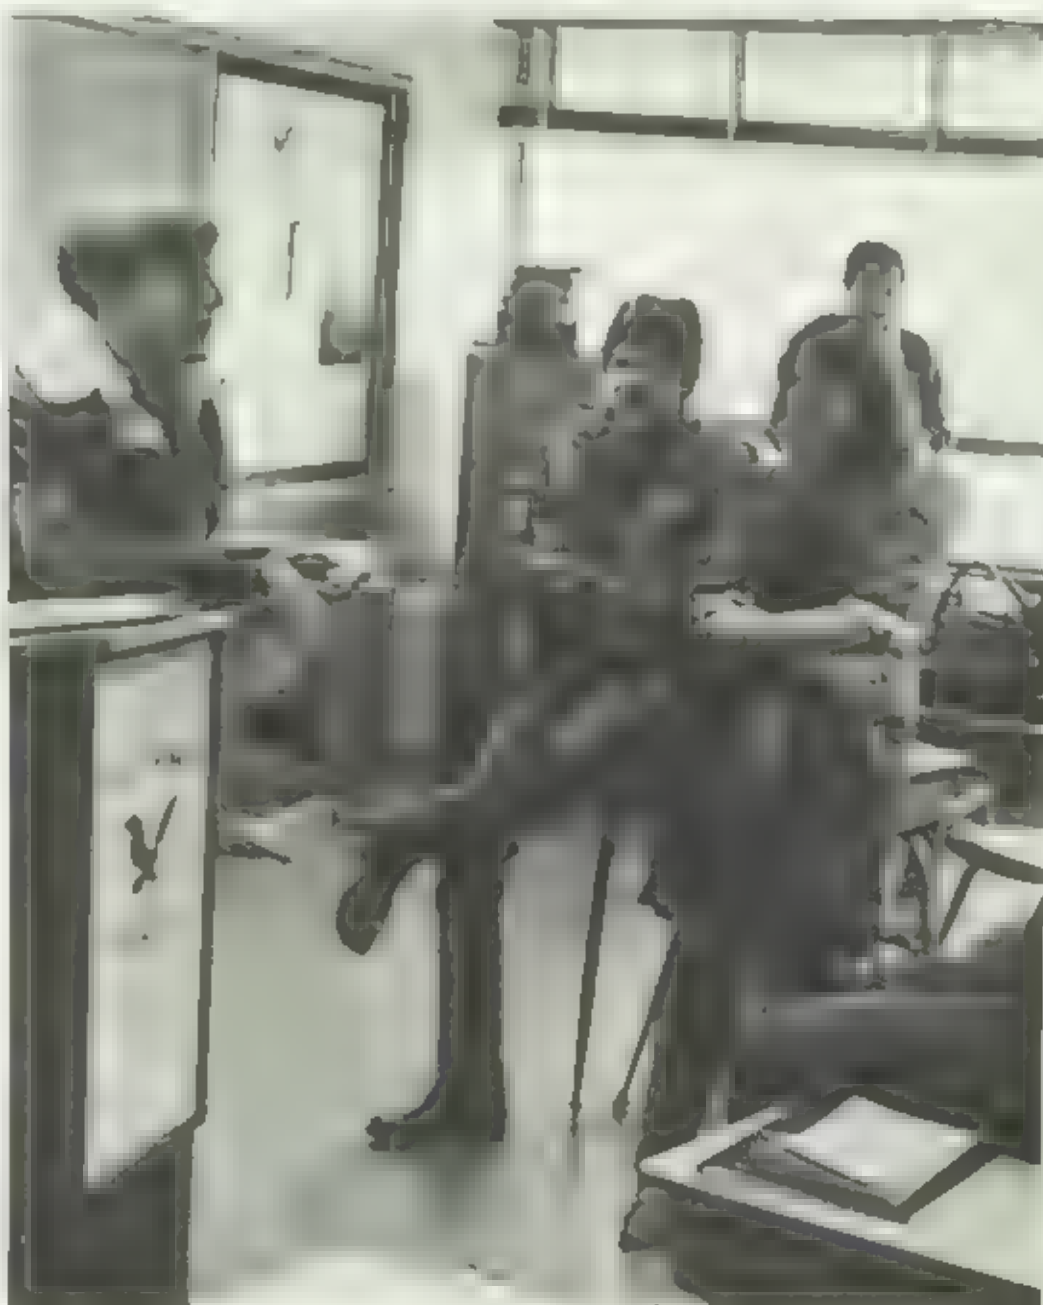

The Adventure Gamers Association, known as the AGA, is a club for students interested in challenging games. Some of these games include: "Dungeons and Dragons", "Top Secret", "Death Quest", "Gamma World", "Empire of the Petal Throne", "Boothill", and many others

This is the first year that the group has actually met as a club, however, Lundy Hall says that gaming has been popular at East for at least six years. The purpose of the club is to get together with others who have the same interests, to participate in fantasy role — playing character games, and to have a really good time

Weightlifting Club

What pound club are you in?

Have you ever wondered how the football players keep their muscles in such great shape? They work very hard at practice, of course, but they also lift weights. The Weightlifting Club is open to any guy or girl who wants to stay in great shape. These people meet at least three times a week to improve their over all appearance. It takes fierce determination, but the results are worth it.

'82-'83 Aquila Staff

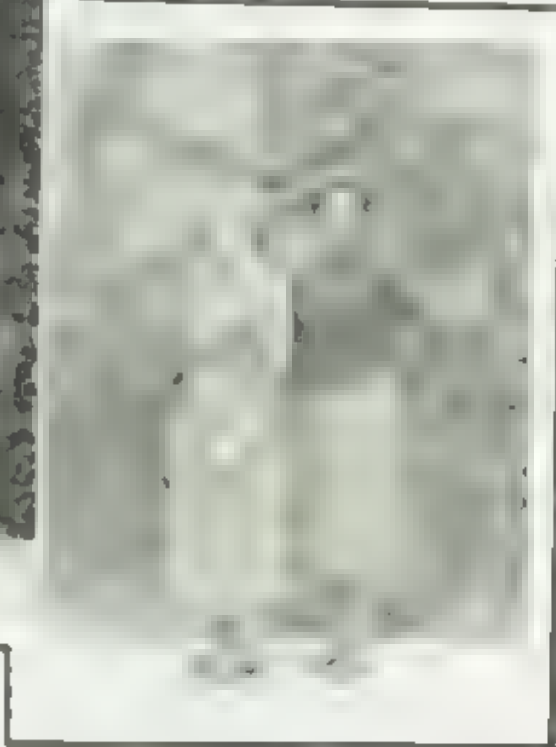

Captures Memories

The **Aquila** Staff consists of 22 people dedicated to putting East Forsyth's Senior High's memories together. The annual is divided into five different sections: Special Events, People, Academics, Organizations and Sports. The opening and closing sections of the annual are put together by the editor and assistant editor. Each of these sections spends countless hours drawing layouts, scheduling pictures, writing copy and doing other jobs that go along with making the annual. Putting together the **Aquila** is an experience that cannot be compared with anything else. Each member is given the opportunity to work closely with others and capture the highlights and downfalls of happenings at East. The members of the staff work closely with each other to help make the annual a very special book. Working with others has given the staff a chance to make many memories that will be carried in their hearts forever. At times it was often wondered if all the screaming at each other, fighting, and tears were worth it. Looking back through the pages, remembering the fun and laughter, the good times and the bad makes everyone realize it was worth it, and being a true "Eagle through and through" is one of the best memories of all.

Special Events, Organizations and Sports

Special Events is filled with the many treasured memories of the past year. This section consists of things from homecoming to blood drives. This section makes those special events throughout the year available again.

Jan Jones, Special Events Editor

Organizations captures the students at East in each of their respective clubs. Each student is given the opportunity to be a part of a club at East. This section brings each club at East together in one big Eagle's nest.

Karen Amos, Beverly Dillon, Organizations Editors

The Sports Section is more than just the many sports and athletes at East. It captures the spirit of the Eagles in all the things they strive to accomplish. This section makes East Forsyth stand out above the rest.

Lending Moral Support

Nelson Field, the East baseball field, was named for the Eagles' number one supporter, Mr. Monk Nelson. This man is a real asset to our school. He is always willing to help us by giving us support, attending all the games, and just being there to do whatever needs to be done. We thank Mr. Nelson for all he has done for us through the years.

The Sports Section is just a glimpse of the athletic events that occur here at East Forsyth. The never-ending practices, the athletes' early arrivals and late departures from campus. We captured only a few of these moments on film.

Hour after hour, day after day, season after season, they improve the skills that make them winners. They learn to be better athletes, to love victories, and to understand defeats. Surviving injuries and rained-out games, they work together as a team to reach goals set as high as the highest star. This is being an athlete, this is being an Eagle. The victory that is ours is short time, but is remembered.

Dear Lord,
As the battle of life goes on,
I ask but a field that is fair,
A field that is equal to all who strive
A courage to strive and to dare
If I should win let it be by the code

1982-83 Football Squad

. . . So Fine.

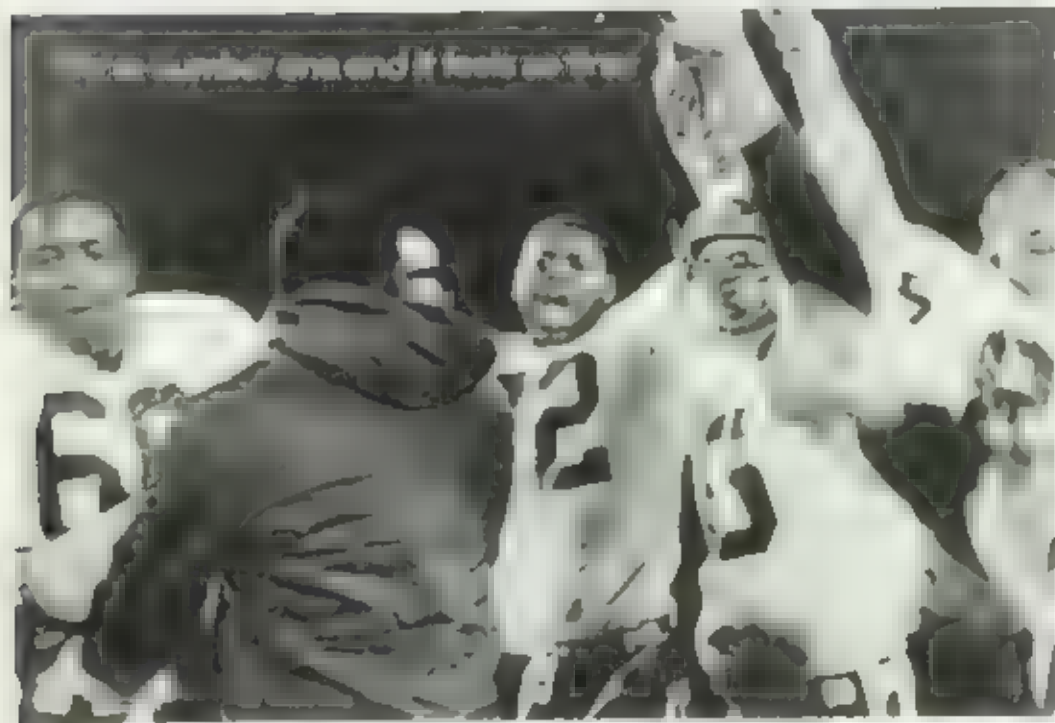

People say a picture can paint a thousand words. If this is so, then this layout tells the story of the 1982-83 Football Squad and their season.

Early in August, it all began . . . hours of practice and work, hours of love and devotion. With visions of passes, touchdowns, and victories, the Eagles made their way through an unbelievably spectacular season to the State Championship. Through rain, sleet and snow Eagles endure, but the elements held them down in the first round of championship play and their season came to an abrupt end.

They started off with a victory over South Stokes and a feeling that they were 'so fine'. That feeling turned into the feelings of everyone in the entire conference when nobody had the talent or the know-how to beat them. Like good wine, East only improved with age and walked off with the conference championship for the second consecutive year.

With a very impressive 10-0 record, these Eagles have made memories that will be blowing our minds for many years to come. Charge on, Sweet Eagles . . .

"Why do we look so relaxed? Look at the scoreboard"

Feelin' the thrill of victory in Greensboro

82-83 Forsyth County Champions

East Forsyth's soccer team finished their season this year with the best record in Eagle history.

Scoring forty-one goals and becoming the state's leading scorer, Brian Nelson graduates with an all-around terrific record. Junior John Bowers was the second leading scorer with nineteen goals and Brad Harter had sixteen assists.

The team finished with a season record of 12-4, conference record of 7-3, and county record of 6-1, making the Eagles the Forsyth County champions. Seventeen school records were set, and the Reynolds Demons were defeated for the first time while the Eagles soared to the top. Coach Mike Buckner summed it all up by saying, "The lessons learned by our young men this year go a lot farther than soccer technique. The self-discipline, responsibility, and team work they learned will be with them for the rest of their lives."

Four senior Eagle starters made all-conference this year. Brian is the all-conference striker and also the state's leading scorer. Andy made all-conference sweeper with thirteen assists. Scott is a three year starter and all-conference mid-fielder. Jim is the defensive captain and all-conference stopper. Way to go Eagles!

The Long and Winding Road Begins

This year's cross country team closes out its regular season with a perfect 5-0 record, leading the pack in the Central Piedmont conference and winning the city/county championship.

For the first time ever, East Forsyth placed five runners on the all-conference team. Conference stand out Gilbert Rucker proved the catalyst for this year's team, powerhousing them to win after win.

Coach Gizinski stated, "We as a team set goals and the individuals also set their own." The success of this goal oriented philosophy is evident in the season status of this record-breaking team.

Handicapped by not having any returning starters, East Forsyth still managed to have an unexpectedly successful season — being tied for first place in the Central Piedmont Conference until dropping a pair of crucial games to Greensboro Page and Smith. These losses placed the spikers in third place going into the single elimination tournament of conference-leading High Point Central

Cooch Angelena Jordan cites good serving as an important element in season wins over such opponents as Reynolds and other conference foes. Jordan further stated, "A coach cannot ask for more than good players who are enthusiastic about playing the sport and diligent about improving their skills."

In addition to the two returning Senior players Twanda Staley and Sara Stafford, team members Denise Irby, Sylvia Rowe, Sherri Berrier, and Laura Motsinger contributed much effort during the season. The team, coached by Millie Pryce, finished the season with a record of 6-8.

In the post-season Sectional Tournament, the number one doubles team of Denise Irby and Sara Stafford lost to a tough team in the quarter final. If they would have won one more round, they would have advanced to the regionals. Twanda Staley, number one singles player for the Eagles, was seeded fourth in the Sectional Tournament, advanced to the semi-finals, and also traveled to the regionals in Hickory.

The Thrill of Victory . . .

Practicing every day until they get it just right is only part of being a member of the boys varsity basketball team; there is the thrill of victory, the agony of defeat, the experience of playing with new people, the list goes on. Every player is proud to be able to say he plays for East Forsyth.

Coming through from what some people said would be a bad year, the Eagles have held their own and worked as a team to get themselves looking awesome out there on the floor. It just shows what a combination of talent and teamwork can do for a team. The Eagles have once again gone for it and dominated.

Dare To Be

The East Forsyth grapplers had a rather successful season despite their 2-5 dual-match record. They placed third in their conference after taking the third spot at the regionals with first place wins coming from Darrin Malloy, James Alexander, and Glenn Matthews. Head Coach Joe Bill Ellender was quoted saying, "We were thin in number but deep in quality and with luck we can place some wrestlers into the sectionals with a couple of first place wins."

And the Beat Goes on . . .

The East Forsyth Marching Band proves that the beat goes on as they march down Main Street and through the football stadiums struttin' their stuff.

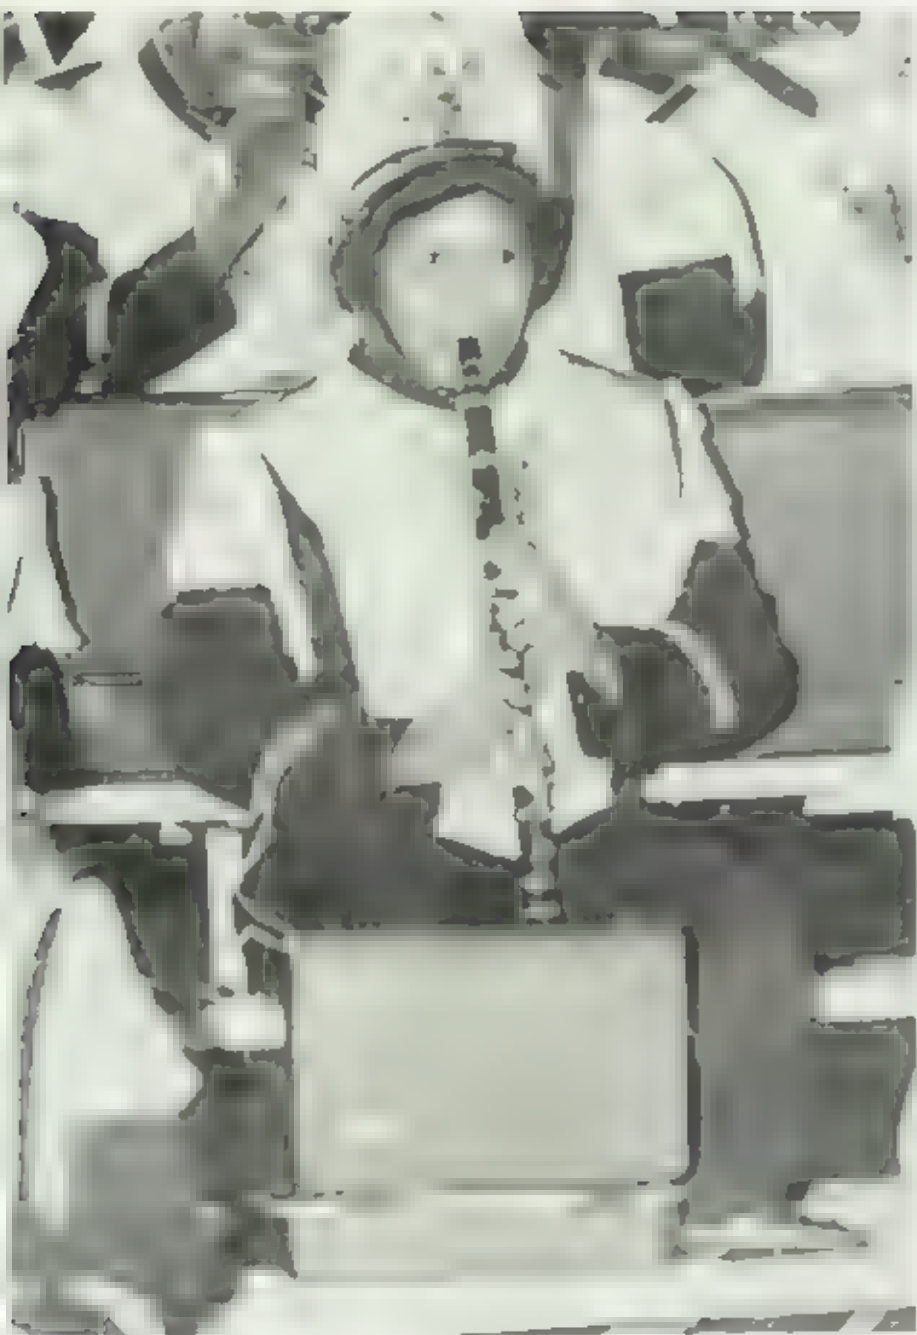

Under the direction of Thomas Clark, drum major, the band gets down to the beat of "Let's Groove", "Let it Whip" and other various tunes. The drills and practices are all worthwhile — wherever they perform, the band has the fans rocking to the beat of victory.

The tall flag girls twirl their rainbow colored flags at every football game and in many parades. They add that little extra flair that every halftime show needs. It takes skill, coordination and hard work for them to twirl in unison — luckily, these girls have all of those qualities.

Majorettes Dazzle Halftime Crowds

East Forsyth majorettes are a group of talented girls who dazzle the spectators during football halftime with their sparkling uniforms and unique twirls. Recently, twirling fire has been an added feature of the majorettes — what a great addition!

"Kick 'em high, high, high . . ."

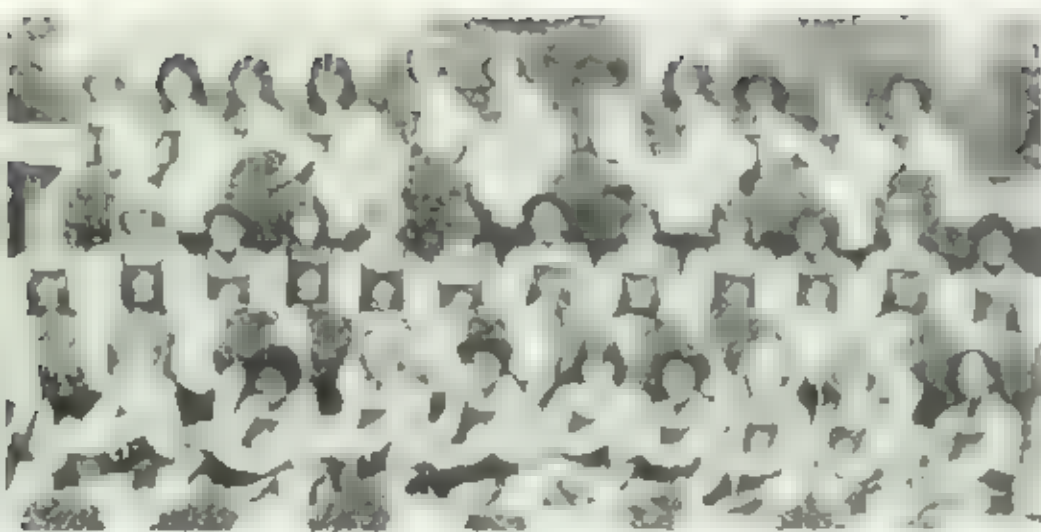

Kick 'em high—a phrase frequently heard by all Eaglettes. From high kicks to low fans, the Eaglettes enhance football halftime with their spectacular dance routines.

In the spring, 90 girls try out to become Eaglettes. Much hard work and practice are put forth before tryouts, but only 32 girls are chosen to represent the school.

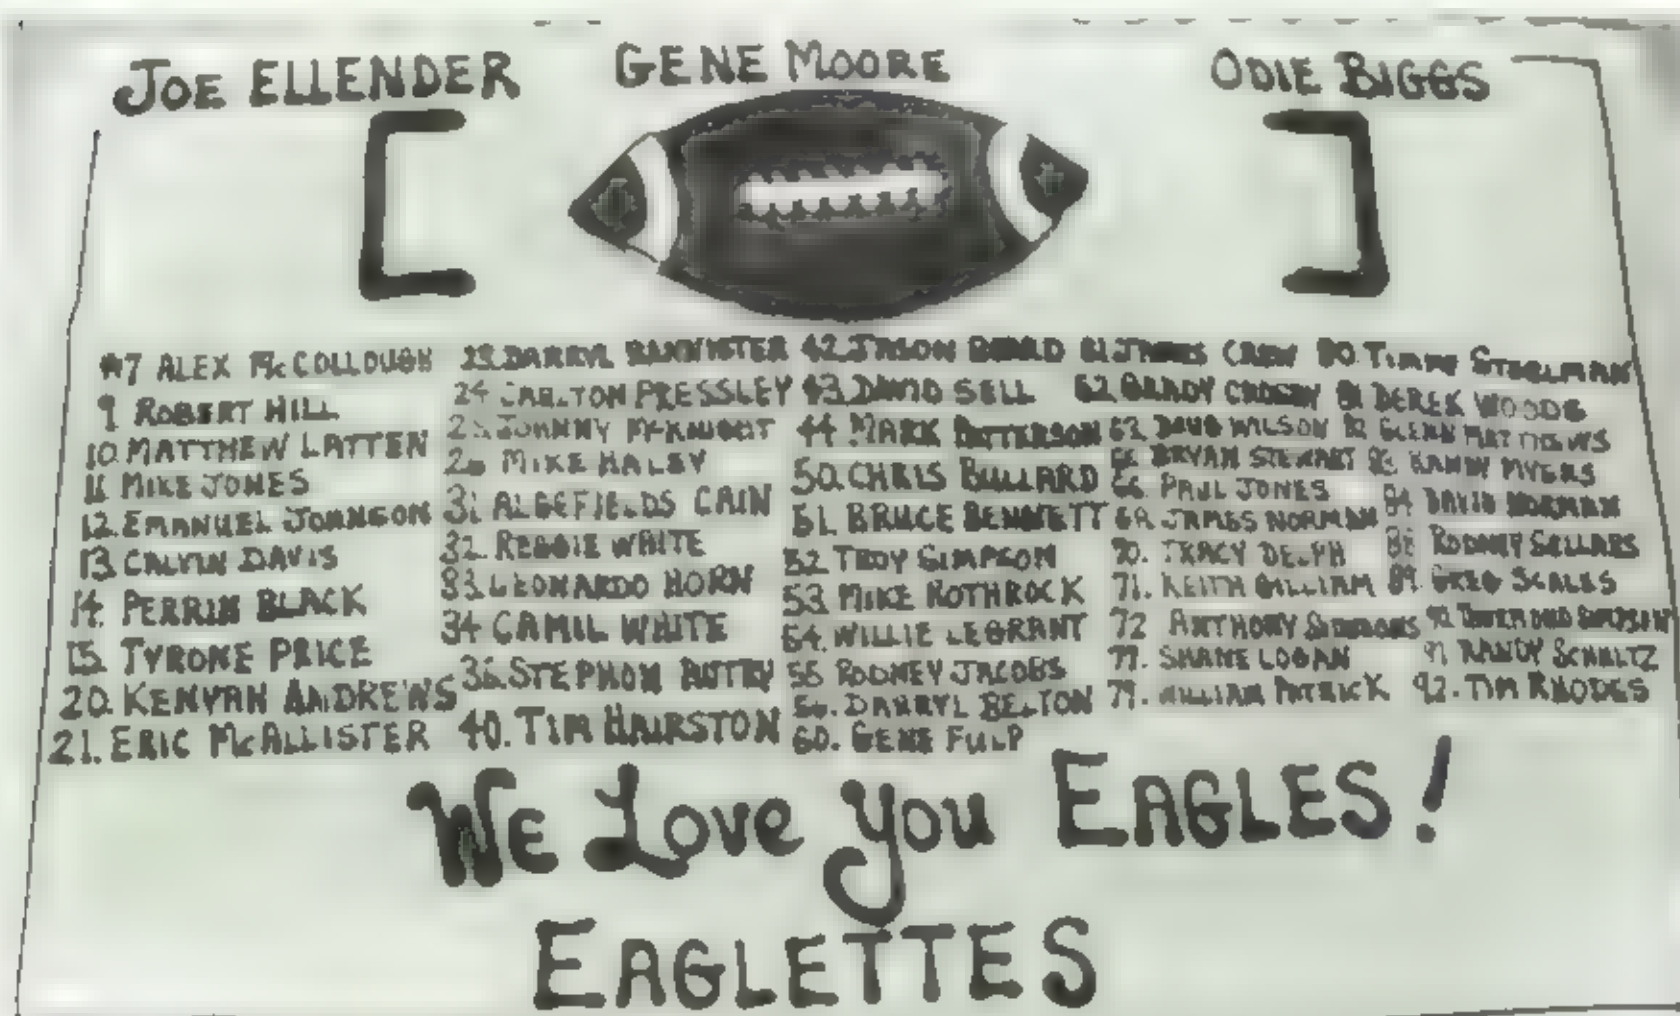

Led by Chief Angie Mason, Co-Chief Kay Parson and Choreographers Melanie Miller, Faye Waiters, and Julie Settle, the Eaglettes work hard, sweat a lot, and strain a few muscles, but the applause makes it all worthwhile.

Spirit and enthusiasm are never lacking from our varsity cheerleaders. Their zeal and vitality are displayed at football and basketball games through cheers, stunts, and the pep that they possess.

The cheerleaders not only practice daily, but they continually perform services for the teams and school staff. They attended a summer camp at North Carolina State University where they received many awards and learned many new ideas. All of the practice and hard work has paid off and is displayed throughout the year in this talented group.

Looking Back In Sports

The 1982-83 athletic year has been a year that will be remembered for decades to come. It has been a year of thrilling victories and exciting championships. It has been a year of pulling together, working towards a goal, and striving for perfection. It has been the year of the Eagles.

It takes total teamwork to be winners, and the seniors put forth the effort needed to win the games. They run just a little harder, jump just a little higher, and slide just a little farther — and all because they are one of the those magical people called Seniors

We dedicate this page to the senior athletes to show them that we believe in them. Although we cannot identify every one, they know who they are . . . and they will never forget that this year, and always, they are Eagles through and through

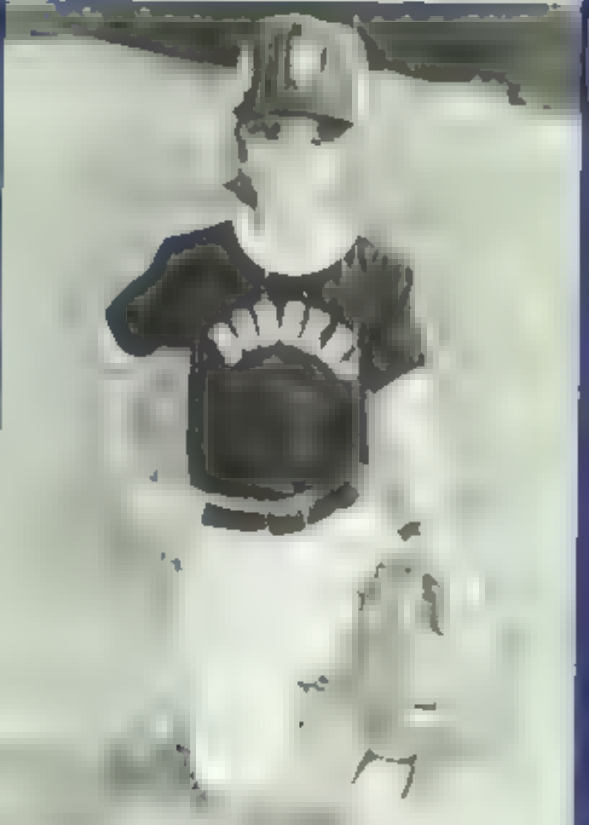

As this, our final year must close
We realize how fast time goes
We've made so many friends and yet
There's so many more that we've not met
The past two years we've been true Eagles
That in itself has been quite regal
There's been basketball and football too
Track and volleyball, whatever you choose
There's clubs and activities before school
All sorts of things an Eagle can do
If sports and clubs are not for you
Then you are the spirit, that's a part too
So soon we'll find a different way
It may be outside school or play
But we're just growing up a bit
Older and wiser and full of wit
All that the growing attributed to
The fact we were Eagles for a year or two
So as we go on our separate ways
We'll remember back to our younger days
But we'll always remember whatever we do
We're always Eagles through and through

Danny Thomas

1965-1982

Such a beautiful person
 with a heart of gold.
 Danny loved people — all people,
 and people loved him.
 He had that magical smile
 and a gleam in his eyes
 that always seemed to say, "I care."
 Danny deserved all the love and
 happiness anyone could wish for.
 Instead, he was taken from us
 and given a reward far greater
 than any happiness
 this world can give.
 Danny now has peace
 in a world far greater than this.
 I guess this world wasn't meant
 for anyone so beautiful.

Graduation

Highlights the Senior Year

The place is the East Forsyth football stadium. The day is Saturday, May 28, 1983. The time is 10:00 a.m. The day is long-awaited for and preparation for this day began in the winter when seniors ordered graduation invitations and caps and gowns. It is the end of twelve long years as a student, but it is also the beginning of life as an adult. Some have plans for further education and some have plans for work after graduating.

It is a day felt and remembered by the 1983 senior class, their friends, and their families. It is a work on their life-long path. It is graduation.

As Mrs. Morgan announces their names, seniors are handed their diplomas by Mr. Wilhelm.

Editor's Note

On behalf of the staff, I would like to acknowledge all persons who contributed to the publication of Aquila 1983. Thanks goes to Mr. G. B. Edwards, our representative from Hunter

Publishing Company, to Mr. Schreiber and the Photography Club for taking, developing, and printing the pictures, to Mr. Idol for drawing the cover design, to Brian Nelson for drawing the divider pages design, to Mrs. P. Holder for the bookkeeping, to Mrs. McAllister for organizing class picture day, to the supporters of our fundraisers, and to the patrons and contributors of this book. And thanks goes to you, as members of East Jorayth, for making the memories we captured. Your support of Aquila 1983 and the school is the reason that we are assured to always be Eagles Through and Through.

Eagles Through and Through

We have traveled through one year as Eagles. This year of senior high school has given us preparation, good times, and involvement. Student life, special events, people, academics, organizations, and sports help to generate this spirit that will carry on with us as graduates and rising seniors. And since we are **Eagles Through and Through**, this feeling won't end with time but will strengthen memories.

Kathie,

I've really enjoyed knowing you & getting to know you. Thanks for being such a good friend.

After today no more 3rd & 4th period. I think I'll miss those classes. I know I'll miss all my friends, old & new. Go for whatever you want cause you can get it!

Love,
Patricia Andell

Each ending is a new beginning.

I love you,
 I got to know you
 as I did. I don't think that
 I could have made it without
 your special kindness and warmth.
 Good luck in all your endeavors
 and I hope you never forget me.
 Have fun at UNCC.

Love Always Keith

Kathie,

This has truly been an incredible year for us. You have been a great friend and I appreciate all you've done for me. I wish you all the best in the future as I'm sure you will be a great success. (Just remember to send me an invitation to your wedding, Okay) And keep up with the Antz (one day, a long time from now, I'll explain it to you, Ha!) Keep in touch, we'll have to write from college. Stay sweet. I love you and have fun this ~~summer~~ lifeguarding.

Love ya

This has been an incredible year but I feel
you happy because this is your last one and that
I will miss you next year but I know you
will be with all of us in heart. I am so
glad we had the chance to become friends for
really made my junior year a brighter one
I loved seeing your smile when I saw you
every day. I just want to express how I will
miss you and how great it is to know you
really are and what you mean to me.
Please keep in touch.

Kathie,

It's been real fun in 1st Biology! you made it all
worth while! I'm gonna miss you next year!
Just think I won't have anyone to give me my
m&ms, cuts, etc! Good luck in college and don't
ever forget me! Good luck in the future and
I wish you all the success in the world
& I know you'll get it because you deserve
it!

Love you

The first part of the paper discusses the importance of maintaining accurate records of all transactions. It emphasizes that every entry must be supported by a valid receipt or invoice. The second section covers the process of reconciling bank statements with the company's ledger. This involves comparing the balance forward from the previous period with the current statement and ensuring that all deposits and payments are correctly recorded. The third section addresses the issue of handling discrepancies. If there is a difference between the bank statement and the ledger, it is essential to investigate the cause immediately. Common reasons include timing differences, such as deposits in transit or outstanding checks, or errors in recording. The final section provides guidance on how to prevent future discrepancies by implementing strict controls over cash handling and record-keeping.

Kathie,

I'll own a picture memory and knowing you
 can't get a very warm person. I'll
 never forget it. I'll be there for you
 in 4th grade. I was your mother was and
 I'll be in the future. I'll be with you
